# Our Customer Promise

When Paula Douer and Harry Tchira created Crescent Garden in 1999, they were skilled in manufacturing and design, and while enthusiastic about gardening they weren't yet experts. They set about listening, learning, and discovering from industry friends and colleagues what's needed for gardens and gardeners to thrive.  25 years later, the Crescent Garden Company is a popular and progressive home and garden provider, bringing together a premier container gardening brand, a pioneer in self-watering and sustainable solutions. The company culture is powered by people who are professional, passionate and always in their customers' corner.

> Lead brand Crescent Garden, trusted by contractors, designers, plant experts, independent garden centers and nurseries, offers containers and accessories distinguished by refined design and breakthrough innovation that lasts and lasts, for successful, inspired gardening.
>
> Their pioneering TruDrop™ system engineers self-watering planters to go up to weeks without watering, for phenomenal results and more confident gardeners. TruDrop dramatically transforms the way people care for plants.
>
> Crescent Too, available across garden centers, popular retailers and online, brings attractive and useful containers and supplies that make gardening easier and more rewarding to more people, at excellent value.

Crescent Garden believes that planters should work for you, not the other way around, and directs their R&D on design and innovation that pushes the envelope, legendary reliability and durability in whatever season, and understanding what works best for healthy plants and the people who love them.

With a vision to make gardening more accessible and relevant to everyone, while going beyond industry standards for what's possible, the Crescent Garden Company dedicates everything toward a simple customer promise:

*we help you grow*

# CRESCENT garden

Crescent Garden planters are defined by their refined design and breakthrough innovation that lasts and lasts for successful, inspired gardening.

All encompassing TruDrop One self-watering

Inspired solutions with design in mind

Timeless design

Trend-setting style

# CrescentTOO

Attractive and useful planters and supplies that make gardening easier and more rewarding for more people

Everyday planters
well-made

Versatile self-watering with
TruDrop Flex

Lightweight, durable tools

Solution driven accessories

At Crescent Garden, sustainability begins with a distinct sensibility — a circular, continuous approach for positive impact wherever we can make a difference. We look at everything in harmony, inside and out, over time.

Surrounding our products are processes and policies, for a holistic approach to lessening our own environmental footprint, which in turn can result in more climate-positive outcomes in our retailer and customer communities.

Whether it's internal ways of working, how we source, make and distribute, or how gardeners use, dispose, and recycle, we want to help everyone grow, more sustainably.

## Centered on the lifecycle of our products

Our R&D lifecycle is circular from the outset: Materials / Manufacturing / Distribution / Customer Experience. Thoughtful resource use and innovations in product development, energy-efficient manufacturing, reducing our shipping carbon footprint, ecological emphasis in product use and advice, and responsible disposal and reuse. Good goes around.

## Promoting green spaces in our facilities.

Our manufacturing facility in Colombia sits on a campus that invested heavily in adding trees and green spaces where there weren't any before, for improved carbon offset. Our new corporate headquarters that will open in 2025, is designed as a multi-use space with large green areas both indoors and outdoors that are designed as flexible work spaces both for us and open to the public.

## Creating a paperless company

From our beginnings over 25 years ago, we envisioned a nature-centric company that would use technology to remain paperless. We have no file cabinets, and our team members work together on multiple, energy-efficient screens, integrating electronically with our vendors and customers. We continue to pioneer ways to work more resource-efficiently throughout.

## DESIGN & PRODUCTION

- Responsible manufacturing is fundamental: efficient, safe, environment-conscious, and community-minded.
- Total Recycling approach reusing scrap and excess in our own facilities.
- Use of local, renewable suppliers when available.

## 100% MATERIALS

- Designed for continuous use – never ending the lifecycle.
- 100% recyclable across multiple lifecycles.
- Easily separated mixed materials.
- **Introducing** upcycled and bio-based innovations: **Circular Positive™** product ranges.

## DISTRIBUTION

- Lightweight and unbreakable products that use less energy and packaging in transport.
- Ordering, production and shipping procedures to minimize resource consumption.

## CONSUMER EXPERIENCE

- Using less water and fertilizer, a vital element in sustainable gardens.
- TruDrop self-watering planters collect rain and irrigation water for up to 50% savings.
- High durability. Most products supported by a 10 Yr Warranty.

# Understanding our Catalog

## Specifications on Product

We have included inner and outer measurements as well as volume capacity for all our planters to make it easy when specifying a planter for a job.

## Identify the Logos

WG · D:1 · DW · TruDrop

See the next page for more details.

## Quick Ship

In-Stock colors and ready to ship.

## Product Brand Identity

CRESCENT garden

CrescentTOO

# Identify the Logos

10 Year Limited Warranty

## 10 Year Warranty

Our 10 Year Warranty against fading, or cracking on our rotationally molded products gives confidence to consumers when purchasing our products.

## Circular Positive ™, **NEW!**

A circular, continuous approach for plant and planet: these planters are manufactured with an upcycled material made from landfill waste diverting harmful emissions for a more positive environmental impact.

TruDrop

## TruDrop System

Our patented TruDrop self-watering delivers phenomenal results with little effort. See more details on page 18

WG

## Water Gardening

Easy to install and maintain, these containers are ideal to tap into the water gardening market. With a broad selection of shapes, depths and sizes, these containers can accommodate a variety of water gardening plants and fish. Some of our planters are also supplied with specialty plugs to use with fountain pumps.

DH

## No Drainage Holes

Healthy plants start with proper drainage. We design most of our planters with elevated pot feet and drainage holes that are adequately sized for each planter. However, there are times when consumers just need a cache pot or drainage can be an issue. In these case you will find the No Drainage Holes icon on the page.

DW

## Double Wall

Double Walled construction provides many benefits including superior structural integrity, enhanced appearance and insulating properties for better thermal protection of plant roots.

LOGO

## Can be Personalized

Some of our planters can be branded with a logo, house number or family name. See page 14.

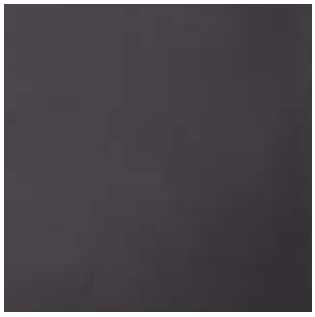
# Quick Ship Program and Special Orders

We provide a wide array of in stock items in our Quick Ship program that are readily available all year round. We consider these to be a selection of our best selling colors in each design and style. These can be viewed throughout the catalog in the individual shots provided on each page.

However, all of our Crescent Garden planters can also be customized in any of the colors below. Check with your customer service representative for lead times, pricing and terms on special orders.

## Standard Colors:

Caviar Black Ref: 94



Old Bronze Ref: 14

Mocha Ref: 44

Cloud White Ref: 00

Rust Ref: 33

Weathered Terracotta Ref: 34

Weathered Concrete Ref: 92

Midnight Ref: 55

Olive Ref: 82

Bark Ref: 74

Currant Ref: 47

Ash Ref: 98

Slate Ref: 97

Parchment Ref: 11

Shadow Ref: 95

## Can be Personalized

Make your next project unique by customizing the planters.

- Brand with hotel, city, healthcare facility or park name to delineate campuses and create greater awareness.
- Use for residential properties to identify street or house numbers.
- Create a custom family crest or display a family name to give an entrance a special touch.

Available Styles for Personalization

Pinch Planter

Rim Planter

### Let's get started:

**Image Requirements:**
Vectorized graphic should be provided in any of the following file types: .ai, .eps, .dxf or .pdf. If providing pdf it should be created from a vectorized graphic.

**Timeline for Customized Project:**
Once images are received, we would provide artwork for approval within 4-5 working days. We would require signature approval on artwork. Once this is returned to us production lead time for Quick Ship items, can be between 4-5 weeks.

**Minimums:**
Contact us at customerservice@crescentgarden.com, for details on minimums and pricing for customized projects.

TruDropONE

## Weeks without Watering

With our TruDrop self-watering, containers can go without watering for 2-6 weeks depending on plant selection and climate.

## Safe, Efficient

With 50% less water usage and more efficient use of fertilizers that remain in the water cavity, these planters are environmentally friendly.

## Easy

With no rocks or wicks, this single-body planter just needs potting soil and plant making it easy even for first time gardeners.

## Dramatically Successful

In our planters with TruDrop the plants determine how much water they need instead of the consumer which renders phenomenal results.

# TruDrop: Grow Healthy Plants with Minimal Watering*

Learn More

**Water Level Indicator**
Easy to read.

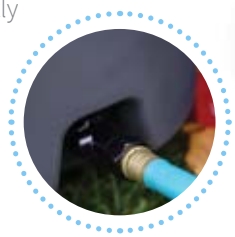
**Easy To Fill Hole**
Includes cap to avoid water contamination.

**Double Wall Construction***
Large water reservoir allows plants to go longer without watering.

**Overfill Drain**
When using outdoors, planter is designed to drain excess rain water.

**Mess Free Drain System**
Optional quick connect coupling in larger planters facililates draining planter without spillage.

Can connect directly to hose or pump.



**Sealed Bottom**
Plug included with planter for indoor use.

**Capillary Action**
Watering via roots creates healthy plants.

*Outdoor trials using a 20" (50,8 cm) planter have shown that plants **can go for up to 6 weeks without refilling.**

# We never expected TruDropOne to change the way people garden but now we hear it from our clients.

"I returned home from **two weeks´ vacation...** and was very happy to see that my TruDrop planter did its job while I was away."

Jed Laufferty, West Chester, Pennsylvania, U.S.A

"I got 26 days out of it… I **saved** that much **time** watering!

Laura LeBoutillier, **Garden Answer,** Oregon, U.S.A

"I think these are the **best** things since sliced bread lol."

Jed Susan, Ontario, Canada

"They work great for me, as we live at a **lake home** with 6 outdoor pots and we are gone from our home several times a month for anywhere from a couple days to a week.
With your pots, my flowers now make it through the summer without dying from lack of water."

Debbie, Minnesota, U.S.A

"TruDrop´s claims that watering is only needed every two to six weeks sounded a little far-fetched, but… (It) works better than I ever imagined."

Heather Rhoades, **Gardening Know How**

"The pottery is **gorgeous** by the way!
We have one very happy customer - can't wait to order more!"

Erin, **Landscape Solutions Company**, Tennessee, U.S.A

"We are a Boutique Resort in beautiful St. Croix, US Virgin Islands. For years we have searched for planters which could withstand our sun and sea elements and still have a classy and elegant presence. The planters are very easy to set up, plant and maintain. The guests continually compliment the elegance and beauty. We can not say enough about the quality of product and customer service."

**Sand Castle on the Beach Hotel**, Virgin Islands, U.S.A.

"Where we were once watering every day, we are now able to simply "top off" each planter once a week. The savings in man power have been exponential."

Mark Russel (Director of Horticulture), **SeaWorld Parks and Entertainment Orlando**, U.S.A.

"They have sixteen Pinch in Lawrence. I wouldn't use anything else now for city planters it saves me a lot of watering time! I have 34 estate planters in the city next to Lawrence, Haverhill. I have to water those every third day. Not with the Pinch."

Steve Nunan - Massachussetts
**Nunan's Florist and Greenhouse**, U.S.A.

# Crescent Garden: Design Ideas

**Edibles in Small Spaces:**
Our Nest planters are ideal to grow edibles even in spaces with no garden.

**Step it up:**
With the 14" width Mod planters it is easy to bring green to narrow spaces.

Midnight Blue:
A great replacement for black, Midnight will add elegance to any space.

# Crescent Garden: Design Ideas

## Commercial Applications:

With TruDrop a commercial space can be retrofitted with new planters without the investment of costly sub-irrigation installations.

Narrow and Tall:
Instead of traditional urns these curved Cup planters make elegant entryways.

Supersize:
When you have a door that is over 7 feet tall make sure you use a planter proportionate like the Rim 30".

Better Economics:
TruDrop self-watering allows properties to maintain planters at a fraction of the regular cost giving them flexibility to add green in more places.

# TruDrop One - Easy Drain System

A

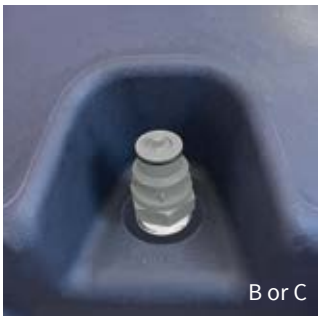
B

C

| | description | product ref.# |
|---|---|---|
| A | Coupler for use with any easy drain plug | AZ607588 |
| B | Easy Drain barbed pull drain plug | BT002P193 |
| C | Easy Drain Screw Plug for Legacy Planters | AZ600588 |

Make sure to order mess-free drain couplings if you will be emptying water cavity on a delicate surface.

## How easy drain works



Replace the standard cap on the mouse hole opening at the bottom of the planter with the Easy Drain Screw cap or barbed pull drain cap depending on the planter selected.

When you are ready to drain the planter just use the coupler to connect to a standard garden hose. Hose can then be directed to a bucket or a green area away from decks or delicate floors.

# 10 YEAR WARRANTY PLANTERS

## Longevity

Crescent Garden rotationally molded products provide a great value to consumers given their 10 year limited warranty.

## Protecting Surfaces

We offer a variety of universal saucers, caddies and other solutions to protect surfaces indoors or outdoors.

## Well Designed

Every planter is detailed to deliver durability, better gardening solutions, and versatility in color and style.

## 100% Recyclable

All our products are manufactured with polymer type 2 and can be recycled.

# What makes our Planters Unique

## Double Wall

To protect roots from extreme temperatures, select our double wall planters that have a pocket of air between roots and the external wall.

## Lightweight

Our planters will make install a worry free process. We will make sure everything arrives to site intact and you won't need a large crew to get started.

## 10 Year Warranty

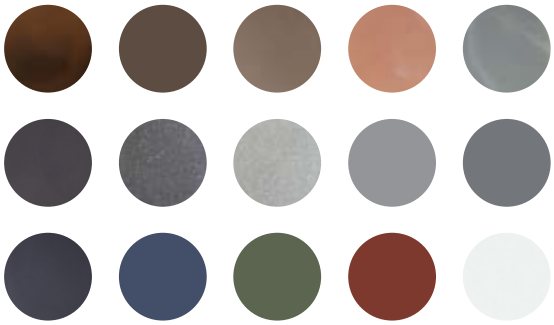
Our 10 Year Warranty against fading, or cracking will guarantee that you won't have complaints down the road.

## Drainage

Healthy plants start with proper drainage.  We design ours with elevated pot feet and drainage holes that are adequately sized for each planter.

# Variety

Every style is available in stock in a curated selection of finishes, offering designers variety.



# Bowls

Bowls have so many uses in a garden setting we wanted to make sure to provide you with a solution that works for all of those; our plugs allow you to easily change a bowl from a succulent garden, to a water garden or convert it into a bubbling fountain.

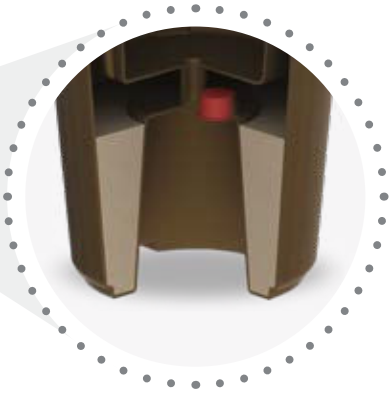
Use regular plug
for water gardens.

Use plug with hole
for fountains.

Use with no plug
for planting.

## Gravity Cavity

Tall planters can be challenging in windy areas, so we designed ours with an internal cavity that can be filled with sand to weigh them down.



## Attainable Design

Many of our planters are designed with a single wall for a value oriented option that still has a 10 Yr Warranty.

Designing with Plants:
Carefully curated containers create a mini-garden to soften hardscapes.

Young and Hip:
This step planter targets newbies who are looking for design.

Cityscapes:
Lightweight planters are ideal for rooftops and balconies where weight can be a concern.

Commercial Applications:
The Bowery planters are ideal to create visual boundaries in open spaces.

Entryway Solutions:
Our Leyla urn is perfect for those looking for a classic style at their doorstep.

Simplicity:
Adding green in narrow spaces is easily achieved with an oval shaped planter.

CrescentTOO | EVERYDAY PLANTERS

## Lightweight and Durable

Just like our traditional Crescent Garden planters these new products represent great quality in their category.

## Great Merchandising Ideas

Bright colors and fun styles makes it easy to create attractive in store displays.

## Modern Design

Our selection of sleek designs brings a new look to everyday garden products.

## Smaller Sizes

Crescent Too planters start at 5” in diameter.

## Great for Interiors and Exteriors

These planters are all available in stock with no holes making them ideal for use as cache-pots for smaller plants.

MOBILITY AND DRAINAGE SOLUTIONS

## Successful Gardening

We know drainage is essential to healthy plants, but protecting surfaces is also important so we offer a variety of solutions to make it happen.

## Movable Planters

Once potted large planters can be heavy.  Add mobility to some of our planters with our casters, to clean and transform spaces easily.

## Innovative Solutions

Maintaning proper drainage is indispensable for the survival of containerized plants. Our accessories present a variety of innovative solutions.

## In-Store displays

These accessories are easy to merchandise with our ready to go display racks. We offer a variety of display options always considering smaller footprints and great visual appeal.

# Pebble Plant Caddies

These planters can move:
Hidden casters make it easy to clean or move your plants as the seasons change.

CrescentTOO

# WATERING CANS AND SPRAYERS

## Functional Products

Each of these products is designed with function in mind: adjustable spraying nozzles, pressure sprayers that create fine mists, and now we even offer our new PRO line that can be turned 360 degrees and still spray.

## Innovative Design

These are products that you don’t need to hide when guests come over.  Colorful and unique shapes like our Pinocchio can be a fashion statement for every gardener.

## Colors that Sell

We study colors, and introduce new palettes to make sure that they merchandise effectively in the store. Colors are carried over between styles so you can easily mix and match and create your own story.

CrescentTOO | MULTIUSE BAGS

## Planters and Floral

These great containers can be potted up or used in floral arrangements, but what makes them great is that they then can become a great storage container.

## Gift Bags

For any event these are the best grab bags one can use, from weddings, to birthdays people will appreciate they don't have to throw them out after the contents are consumed.

## Storage Containers

These multi-use containers can go from the garden shed, to the kids room, to organizing the garage, all with style.

## Fashion Bags

Our large bags, are great to take to the supermarket, beach or on any trip.  Just throw in anything you need and you are ready to go.

Hold Everything:
Keep a spare in the car.

Herb Containers:
Write on them and personalize them.

Gift Bags:
Ideal for parties.

# MARKETING AIDS

## Great Visual Aids

We want to provide you with the tools to communicate our product attributes better. When a sales attendant is not close to your customer our banners and product platforms help communicate our product warranty, and inspire your customers.

## Digital Marketing

In a digital age we realize it is important for us to provide you not only with in store visual aids but also digital content.  We want you to take advantage of all our brand awareness marketing.

## Creating a Home for Crescent Garden Products

Through advertising in magazines, product releases and web campaigns we promote the Crescent brands. We want the customer to make the connection inside your store.

## Premier Garden Center Program

Our Premier Garden Center program gets you started with free point of purchase aids, specialized Lunch and Learn opportunities for your employees and much more. Ask your sales representative for more information on how to become a premier dealer.

## In Store Videos

Request copies of our video content to run in your video displays in store. From TruDrop videos to our 360 degree sprayers we are continuously adding to our library. Make sure we provide you with the latest content.

## Social Media Sharing

12 months a year we are working at promoting Crescent Garden brand awareness on our social media channel. Be sure to follow us so you can see the latest content, and share with your consumers when it is relevant to your own marketing efforts.

/CrescentGardens

/CrescentGarden

/CrescentGarden

/CrescentGarden

@CrescentGardenT

## Event Promotions

Use our consumer network. If you have an event in your garden center related to container gardening or Crescent Garden products, be sure to let us know. We would love to share news on our social media.

## Be a part of our Content

Would like to be a greater part of our content. Be sure to tag us when posting pictures with our products. Reach out to us to participate in Crescent Garden events. We invite experts like yourselves all the time into our channel.
